

## **AMX0035 and Oral Edaravone for Amyotrophic Lateral Sclerosis**

### **Key Stakeholder Organizations**

ICER receives input on its reviews from patients and their families, patient advocacy organizations, clinicians, clinical societies, insurers, and drugmakers. We invite the public to submit recommendations for key stakeholders in any of these categories. The following is a list of organizations from which ICER has requested input as well as those that have provided public comments during the review. None of these individuals or organizations is responsible for the final content of ICER's report, and it should not be assumed that they support any part of the report, which is solely the work of the ICER team and its affiliated researchers.
