

Sotatercept for Pulmonary Arterial Hypertension: Effectiveness and Value

Key Stakeholder List

ICER receives input on its reviews from multiple stakeholders, including patients and their families, patient advocacy organizations, clinicians, clinical societies, insurers, and drugmakers. We invite the public to submit recommendations for stakeholders in any of these categories.

The following is a list of organizations from which ICER has requested input as well as those that have provided public comments during the review. All of the organizations and individuals below have been invited to provide input, however, it should not be assumed that they have responded to ICER's outreach or agreed to participate in this review.

- American Heart Association
- American Lung Association
- Haystack Project
- Merck & Co.
- NORD
- PHAware Global Association
- Pulmonary Hypertension Association
- Team Phenomenal Hope
- United Therapeutics

None of these individuals or organizations is responsible for the final content of ICER's report, and it should not be assumed that they support any part of the report, which is solely the work of the ICER team and its affiliated researchers.

For a complete list of key dates and opportunities for input on this project, please visit [ICER's website](#).
